PRINCIPAL'S MESSAGES

Mr. John Sanville

Welcome to the 2006 Memories. Contained in these pages you will see the condensed version of your four years at MNHS. When scanning this book in the future, some moments will jump out and with good reason- there are many examples of exemplary accomplishment. Lots of other, more usual occurrences are here too- and will be remembered warmly. The breadth and depth of all that unfolded cannot truly be captured between the covers of this yearbook but the essence of your high school career is here.

The class of 2006 were freshmen when I came to MNHS. I remember September 2002 and the bright-eyed youngsters you were. Now four years later I see bright-eyed young men and women ready to embark on the next phase. As you begin your journey be sure to take the lessons you learned, the memories you made, and the pride in achievement you demonstrated. And remember to take this yearbook too- there will be a time when you want to see old friends or answer questions or chuckle at fashions gone-by. There will be no end to the delight it brings you. John Sanville

Dear Joe.

We hope that you have learned something ahout yourself that we have tried to teach you since you were small: that you are capable of achieving anything to which you devote yourself. Your teachers told us that you would do things that other would not have the courage to do, hut if you said, "Okay, I will do it," others would follow your lead and not be em-barrassed by it. Your teachers praised your efforts to always do the right thing and your strength to always lead by example

Remember that as long as you are humble and try to do the best you can every day of your life you will have no regrets. And remember that your parents, family and friends will always love you. Good luck Joe

How can it be that you are graduating from high school? It seems like yesterday that you were playing your first game at NSPI, your first tryout in 5th grade with St. Annie's baskethall, your dance recitals, your Little Author awards, and our Three Little Pigs bedtime stories that we laughed for an hour. You were a busy child with a ton of energy. Your motor never stopped running, and most of all you were a lot of fun. Since those tender years, you have turned into a beautiful young lady who is a gifted athlete with your baskethall and softball programs. Through your teen years, you still have that outlook of happiness that makes everyone recognize that unique smile. Work hard forever and always keep that smile. CLASS OF 2006 OFFICERS

Greg Tallman, President

It's hard to believe that our four years at MN have come to a close. It seems as though it was just yesterday that we were trying to figure out what exactly the "breezeway" was. It has been my pleasure to serve as class president for the last four years and I have enjoyed every minute of it. I have gained valuable experience and knowledge from all of you.

A special thanks to each and every one of you who voiced your ideas, volunteered your time, and supported our fundraisers. The halls of MN will not be the same next year without you. I would also like to thank Steph, Lauren, Mike and past officers for their dedication and willingness to put up with me. All the work we have put in is well worth it! Without the help from Nikki, Kristen, and Meghan to keep me sane and lend a hand, my job would have been a lot harder. Mr. Claar and Miss Shields, the two greatest advisors for the greatest class, your commitment is not unnoticed and is greatly appreciated.

"If there were ever a time to dare, to make a difference, to embark on something worth doing, it is now." — Anonymous. Together we have already made a difference at Marple Newtown, it is now time to make a difference in the world around us.

Stephanie Dell'Osa, Secretary

So who would have thought that these four years would go by as fast as they did? I bet that we can all remember our first day of freshman year, feeling as if we would be stuck in this school forever. It's hard to believe that it is finally time for all of us to go our separate ways. It has been a great pleasure for me to be your student council secretary for the past four years. As a class we have accomplished so much, that it will be hard for any upcoming classes to surpass us! Being able to have such an active, and involved class has made it easy for our innovative ideas to succeed. Greg you're always there to be the dominant force in the group, and to bring my ideas down to a more realistic level. Your intelligent and responsible character has helped us greatly over the years. Laur - The "go with the flow" girl! Your positive sense about things has made it easy to come up with new ideas, and to really get stuff done. I could always count on you when I needed a helping hand, no matter what it was! Claarman! more than I could ask for in a class advisor. I knew that I could always rely on you to listen to what I had to say. You always stayed positive and let us run the show! Thank you for always standing behind us! SPCCCBD — you were the ones to keep me on track! I know that I can always come to you guys for the truth, and that no matter what you guys were always there to help me out. To the class of 2006 — "Do not go where the path may lead; go instead where there is no path and leave a trail." We are a class who has gone slightly against the grain, and I know that you will all succeed in the future. Thank you so much for your involvement and participation these past four years! We are truly a class that has changed Marple history!

Best of Luck!

Attenual Pell Osa

Stephanie Dell'Osa

Mike Panczner, Vice-President

To begin, I would like to say something to the teachers. On the behalf of my entire class, thank you. Thank you for teaching us, for leading us, for building us up as adults, I know that we have not told you how much we appreciate you taking time out of your schedules to help us. And I know that we have not said thank you for giving us a wonderful education. So, I hope that as I say thanks, you can forget our shortcomings and remember us for who we are and not from the mistakes we have made. It seems like only yesterday our main concern was who we were going to sit by at lunch, now it is what college should I attend and what career is best for me. There was a time when we all could not wait for today to come, now that it is here, it is hard to believe that it is over. Twelve years of education is now behind us and we are well prepared to undertake any challenge that we may encounter while working to achieve our life goals. It's hard to believe that our high school experience is coming to an end. We were walking into Marple as terrified freshman, looking up to the seniors like they ruled the school. Now that it's our turn to play the role of hig, had seniors, the part doesn't seem that real anymore. To many people, like myself, Marple is a safety net, a place to fall back on. Marple is a home away from home, with friends acting as family and teachers playing the role of guardians. Many things have changed since we first came to Marple; the groups of friends, personalities, appearances. So much has changed. What an awesome class we have. Thanks everyone for having me as your vice president for our senior year. Its been an unforgettable experience. Thanks Greg, Steph and Lauren. You guys have worked so hard the past four years. I wish I was there to experience what you guys have. I would also like to thank the entire class for making this year so much fun and filled with memories. Fellow classmates, we all have shared many memories together. Whatever you decide to do I wish you all luck in your endeavors. I will miss you all, and you will not be forgotten. May all your dreams become a reality.

Sincerely, Mike Panczner

Lauren Albero, Treasurer

Looking back on the past four years, I can only wonder where the time has gone. It is hard to believe that our time here at Marple Newtown is over. Serving as your student council class treasurer for the past three years has been a great pleasure. First, I would like to thank Mr. Claar for being a supportive advisor and allowing us to try new things. I also want to thank Greg, Steph, and Mike for doing such a tremendous job. Greg, I always knew that I could count on you to get the job done. You are a motivated, determined, and fun guy with a big heart. You made a great President. Steph, you were by far the most emotional member, but in the end you always found a way to make everything run smoothly. You are a passionate, determined girl, and an awesome secretary! Thanks for the memories. Lastly, I owe a big thank you to the class of 2006 because without your positive feedback and willingness to lend a helping hand, our class would not have been a successful. Thank you again to Mr. Claar, Greg, Steph, Mike, and my fellow classmates. Congratulations, I wish you the best of luck in the future.

"Wherever you go, go with all your heart." Confucius

LIFE IS WHAT WE MAKE IT

"Life moves pretty fast, if you don't stop and look around once in a while you might miss it." ~ Ferris Bueller

THIS BOOK WAS BROUGHT TO YOU BY ...

To The Class of '06.

A few (un)lucky seniors were given the assignment of filling 200-something pages with a year's worth of smiles and events. To the average viewer, this binded creation is just that- a yearbook. Hopefully to many of you, the same 208 pages are worth something more. The time is approaching where all that we know will become what 'once was', being stored on the same mental shelf as the distance formula and lines from Shakespeare. While cramming superfluous information into our brains before a big test may have helped us short-term, we all know that the important things are in there for good. I urge you to use this book- today, tomorrow, or in 15 years. Browse and reminisce, but don't let the pictures take the place of your memories.

I would strongly appreciate it if every reader found Nikki Stephanou and gave her a hug. Without Nikki, I assure you this very book would not be in your hands. Steph, Steph and Kristen deserve pats on the back, too... disastrous Sundays, pumping iron in the a.m., watching S & TC, and Wawa, etc. compliments of yearbook made it all worth my time. Bill O'Brien-thanks for the wake up calls. literally. Mr. Williams- you have been more than a teacher or an advisor. Thanks for the advice and inspiration. Lastly, to each of the 270 seniors with whom I've shared a conversation, understanding, smile or memory with (which I believe darn close to all 270), this is for you ... for we did not create this anthology, you did.

Enjoy,

Emily Callaghan

Co-Editor-in-Chief

When you get the yearbook, you immediately open it and search to find you and your friends. Then by first period, it is signed by a majority of your class. Have you ever just looked at the yearbook and thought about the time and dedication that someone has put into each page? Either did I until eight months ago when I was faced with the one of the biggest challenges of my senior year, putting together a 200+ page book. This experience has taught me so much about deadlines, hard work, organization, and teamwork. It truly is a miracle that five girls got along and put this together without any huge dilemmas. This year our goal was to make this book stand out, have our own personal flare, and be different. None of these ideas could have been completed, without my co-editor Emily Callaghan. I do not even know where I should begin Em. We have put so much into this book and we have done a great job of making it our own! Making those deadlines, watching Sex and the City and talking for hours was the only way to get things done or was it more like last minute rushing around hoping that we would not miss the UPS guy. When things got bad, we always seemed to make it better with laughter or a good song. These pages are full of friendship and more laughs then we can remember and I could not have asked for anyone else to be my co-editor! Best wishes for the future and good luck at school next year! Stephanie~ Thank you for always being there to talk and to get things done. You truly did everything and always kept smiling. You are a wonderful friend and this has been such a great experience to share with you, thank you Stephanie- Thank you for all your hard work, your organization, and making sports complete! This book has brought our friendship closer again, thank you so much. Lauren- Thank you for always being willing to do anything it was great to know you were always available! Kristin and Sarah- Trying to get work done in study hall is not always recommended but we did accomplish a lot, thank you. Meggie- All the venting you heard thanks for being an unhelievable listener, it helped so much more then you know! Jordan, Hannah, Kristen~ I wish you the best of luck next year and in your future. Thank you for all your help. Kristen~ Thanks for your help and dedication. Mom and Dad ~ Thank you for being my support system and helping me through all of this, I love you so much! Mr. Bill O'Brien- This book would be blank without you. Your instruction and guidance was amazing, Mr. Williams!~ Thank you for teaching me so much this year. You introduced me to a new world and showed me how to appreciate good literature. Your ability to make a bad day good was such a calming thing for me. You will never know how grateful I am for all your help, guidance, and understanding. To the Seniar Class of 2006 \sim I give you a piece of myself, I hope you take this book and cherish the memories it holds for this book culminates for some of us thirteen years in The Marple Newtown School District. I wish you the best of luck in wherever your life takes you.

Love always, Nikki Tynne Stephanan Nikki Lynne Stephanou
